

NECROPSY PANELS

Comprehensive Animal Health Assessment Profiles

Includes an initial clinical exam of the animal, gross necropsy, oropharyngeal and fecal bacterial culture for pathogens, pelt exam for ectoparasites, examination of the feces for helminths and microscopic examination of the duodenum, ileum, cecum and colon contents for protozoa. Live animal submissions required.

(Serology panels are included in the panel listed below. Please contact your representative if customization is needed.)
